Hunting Season Opens Saturday

The hunting season in Kentucky opens Saturday, Nov. 15. About 150 licenses have already been issued and the local nimrods promise to get busy right at the very start. Below is the law relative to hunting in this state.

"Section 24, chapter 35, of the Kentucky acts says 'Any person who has been a bona fide resident of the state for one year may procure a hunter's license for himself or herself by filing his or her affidavit with the County Clerk of the county in which he or she resides, stating his or her age, place of residence, post-office address, height, color, color of eyes and hair, and the fact whether he or she can write his or her own name, and by paying to the said County Clerk the sum of \$1, which license shall entitle him to hunt in all counties of the state, but nothing herein shall be construed as repealing the present law requiring every hunter to obtain the written permission of the land owner to hunt on his premises.'

A non-resident may obtain a license in the same manner, but the fee is \$15.

The license money, with the exception of 15 cents, which the issuing clerk gets, goes to the State Treasurer on the first of each month, and is converted to the Fish and Game Protection Fund.

All resident owners, and land-owners, and members of their families, may hunt upon their own land without license, and tenants and members of their families may hunt upon their leasehold without a license. Any one making any false statement in order to secure a license, is subject to a fine of not less than \$50, and not more than \$200."

MISS HUTCHINGS WEDS MR. WILSON

Quietly Married at Home of Bride in Lexington Thursday.

Leave for Bridal Tour to Washington and Other Eastern Cities.

Miss Laura Hutchings, of Lexington and Mr. Tipton H. Wilson, of this city, were quietly married at the home of the bride's parents at Lexington, Thursday afternoon. The home was elegantly decorated for the occasion. The ceremony was performed by Rev. Mark Collis. The bride, who lived in this city a short time a few years ago is an attractive and lovely girl and will make the man of her choice a true and loyal helpmate. She is well remembered here and has many friends who will again welcome her to our city. Mr. Wilson is the only son of Mrs. Lizzie Wilson and "Tip" as he is familiarly called by everyone is one of the most popular and deserving young men in the county. He has been connected with the Mt. Sterling National Bank for several years and is held in high esteem by his employers. The happy couple left for a few days visit to Washington and other points of interest. Many handsome and useful gifts were received by the happy couple. The Advocate joins many friends in extending best wishes.

High School Notes

(By Courtney Horton.)

The Senior play has developed many hitherto unknown characteristics. 'Knight Kelly has so far vehemently defied all entreaties to embrace the heroine of the play. We shall watch the proceedings with an expectant eye next Thursday night.

The proceeds of the play to be given Thursday are to be used to buy some much needed apparatus for the Physics Department. It is a very lively play throughout with many humorous as well as serious situations. There will be specialties between acts by the First and Eighth grades, also a solo by Miss Ferguson, Supervisor of Music. Everyone who enjoys a good laugh as well as a good play should attend.

At the regular bi-monthly awarding of the "Hoffman Medal" in Chapel Monday morning, Carl Frodge, of the Fifth Grade, was the lucky man.

Mr. H. G. Hoffman's idea was indeed a happy one and is bearing much fruit since we understand that the interest in the study of arithmetic has increased greatly, since this contest was begun. If some other philanthropically inclined citizens would follow the example of Mr. Hoffman, all of our departments might fare equally well.

According to the records in the office, the average attendance for the month of October was 94.8 per cent. of the total enrollment and we venture the assertion that no school in the state has equaled that record. As to punctuality, "We lead all the rest." The Third and Eighth grades, each with thirty-five pupils, had only one tardy mark and when we consider that each of these grades might have had fourteen hundred tardy marks, the real situation is understood.

The Camp Fire Girls had a "Pie" sale last Saturday and realized a neat sum which will go into the treasury of the local Camp.

The contractors who are supposed to be working on Maysville street, are said to be very prosperous—there is no way of estimating what they might be if they had to work as hard as we do here in school, and, in that connection, we suggest that even in the event the street should be completed before next summer, the city refuse to accept it until we shall have had an opportunity to determine the exact effect of an August sun upon the asphalt.

Fitzpatrick Trial

Results in a Hung Jury

The suit of W. T. Fitzpatrick to regain possession of his property which has been in the hands of a committee for several years and which has been on trial for several days, resulted in a hung jury. The case was finished Saturday night and the jury stood four for restoring to Mr. Fitzpatrick the management of his estate while two others held that he was not competent to manage it. A few years ago Mr. Fitzpatrick's health broke down and his mind became impaired. The property owned by him was taken out of his hands and A. Sid Hart, of the county, appointed trustee to look after his large interests. Since that time Mr. Fitzpatrick has improved in health and brought suit to have the trustee removed and be given his property back to handle as he sees fit. He owns nearly one thousand acres of land in Montgomery and Bath counties.

Mr. Owen Laughlin Resigns

From School Board

Mr. Owen Laughlin at the regular monthly meeting Friday of the School Board of the Mt. Sterling Public Graded Schools, tendered his resignation as a member of the board. Mr. Laughlin has been an active member ever since the school started nearly thirty years ago but owing to his advanced age, felt that he was not longer physically able to give the position the attention it deserved. He is a splendid old gentleman and has been a competent official. The board elected Mr. J. M. Conroy to fill the vacancy. Mr. Conroy needs no introduction to our people as he was born and raised in this city and his qualifications and fitness for the position are known to everyone.

CITY LIBRARY NEEDS YOUR HELP

Splendid Work of Woman's Club Should Be Encouraged.

Funds Not Sufficient For Work That Should Be Done.

Mount Sterling has the oldest library of any town of the same size in Kentucky. It is managed by The Woman's Club through a committee composed of six club members. This committee has catalogued the library, repaired the damaged books, overhauled the old magazines for binding, and renovated the reading rooms. When a course of reading was prescribed for the different grades in the city school the committee, unsolicited by either principal or trustees, placed these books in the library for the pupils. "The Montessori Method," a book on child education so important that knowledge of it is vital to every teacher and parent was purchased as soon as translated. Mary Antin's remarkable autobiographical story, "The Promise Land," was secured as soon as it was presented in book form. Aside from its other merits, this story is recognized as an irresistible appeal for the American public school system. The library in every respect compares very favorably with any small library in the state. The three thousand volumes on its shelves represent every department of letters. A few of the recent publications are purchased each month, and the leading periodicals are on the tables. All of this is offered the public at a fee less than the price of a good magazine. The proceeds from the benefits given each year by The Woman's Club, the quarterly allowance of fifty dollars from the council, the subscription fees and the fines have not been sufficient to meet the current expenses of the library, and satisfy at the same time the demands of the reading public. In order to comply with the requests of subscribers for new books, the subscription list must be enlarged. Everyone with any public spirit should take a share and thus contribute his part to the growth of an institution that makes for the mental and moral welfare of a community.
